### Enhancement: Additional Data Available in PowerChart View Only

**Effective:** December 10, 2008

**Impacts:** All PowerChart View-Only Clinical Staff

**Description:** MHIN is pleased to announce the addition of data points to the Clinical Staff's PowerChart View. The new view will allow clinical staff to see medications, allergies, and procedures that have been entered by practices contributing to the community health record.

The additional data will appear as tabs in the PowerChart window (see example below). To view medications, allergies, or procedures, simply click on the appropriate tab.

<b>PIZZA, CHEESE P</b>				<b>Age:9 years</b>	
				<b>DOB:5/18/1999</b>	
<b>Patient Information</b>	Flowsheet	Clinical Notes	Medication Profile		
<b>Patient Demographics</b>	Visit List	Provider Summary	Allergies	Problem List	Procedures
<b>Patient Information</b>				Patient SSN :	
Type	ADDRESS			Race :	
<input type="text"/>					

**Questions can be directed to the MHIN Helpdesk at 968-1018**
